

Healthcare solutions for care delivery at hospitals

HP has a broad portfolio of products and solutions ideally suited for healthcare applications.

Our goal is to streamline patient care, optimize clinical workflows, and make vital information readily accessible to authorized caregivers. Our Healthcare Edition PCs, displays, and accessories are designed to be safer, smarter, and secured for healthcare.¹

EMERGENCY DEPARTMENT

HP healthcare solutions

Patients experiencing an emergency often require urgent assistance. Caregivers need immediate access to as much information as possible, as fast as possible.

A

HP EliteOne 800 G4 Healthcare Edition All-in-One PC

Optimize clinical workflows with the HP EliteOne 800 G4 23.8" Healthcare Edition All-in-One PC. It's engineered for easy, repeatable sanitization and enhanced with optional integrated authentication and collaboration features like a pop-up, dual-facing HD camera.²

B

HP USB Keyboard and Mouse Healthcare Edition

Complete your healthcare solution and make the most of your workspace with a sleek, white, IP65-rated keyboard and mouse designed for repeated sanitization with germicidal agents.^{2,3}

C

HP ScanJet Enterprise Flow N9120 Flatbed Scanner

This 11" x 17" flatbed scanner integrates easily into healthcare office environments and administrative settings. It supports custom workflow profiles using HP Smart Document Scan Software, scans up to 50ppm/100ipm, and has a 200-page automatic document feeder for big jobs.⁴

D

HP Color LaserJet Enterprise M577f Multifunction Printer

Help conserve energy without sacrificing productivity. With Original HP Toner cartridges with JetIntelligence, this color MFP produces more vibrant, professional-quality pages.⁵ Built-in, multi-level device security helps guard your printing fleet.⁶ The M577f is ideal for enterprises and medium businesses that need a secure, highly productive, energy-efficient color MFP.

E

HP Healthcare Edition HC270cr Clinical Review Display

Deploy a clinical review display designed specifically for clinicians with the HP Healthcare Edition HC270cr. It's built for easy, repeatable sanitization,² DICOM Part 14 compliant for viewing medical images, and enhanced with single sign-on authentication support and collaboration tools for telemedicine.⁷ USB-C™ power delivery enables "one-and-done" connectivity.

F

HP EliteDesk 800 35W G3 Desktop Mini PC

Powered for the enterprise, the ultra-small HP EliteDesk 800 Desktop Mini is one of HP's most secure and manageable PCs. The ultra-small HP EliteDesk 800 Desktop Mini features the performance required by today's clinicians and a stylishly redesigned chassis for the modern hospital.

G

HP B300 PC Mounting Bracket

This HP mounting bracket makes it easy to mount a compact HP thin client, workstation, or PC behind an HP Healthcare Edition HC270cr Clinical Review Display. Simply attach the bracket to the back of the display stand, and your PC to the bracket. Reduce cable clutter and expand your available work area with a single-footprint solution.⁸

H

Medical carts from HP 3PS partners

HP offers telehealth, point-of-care, and other mobile medical carts from leading vendors including Ergotron, Howard Medical, and Jaco through its third-party solution catalog.

1. Safer and smarter based on HP Healthcare Edition products compared to other HP products as of August 2017, based on ability to be cleaned with sanitizing agents listed in the user guide and EN/IEC 60601-1-2 testing.
2. See user guide for cleaning instructions. 3. IP65 test results are not a guarantee of future performance under these test conditions. Accidental damage requires an optional HP Accidental Damage Protection Care Pack.
4. Scan speeds up to 50ppm/100ipm measured at 200dpi (b&w, gray, color), up to 40ppm/80ipm at 300dpi (b&w, gray), and up to 40ppm/78ipm at 300dpi (color, duplex). Actual processing speeds may vary depending on scan resolution, network conditions, computer performance, and application software. 5. More pages versus predecessor cartridges claim based on page-yield comparison of HP 507A High Yield Original LaserJet Toner Cartridges with HP 508X High Yield Original LaserJet Toner Cartridges. For more information, see hp.com/go/learnaboutsupplies. 6. Some features require additional purchase. A FutureSmart service pack update may be required to activate security features. Learn more at hp.com/go/printsecurity. 7. The HP Healthcare Edition HC270cr is not intended for use in the diagnosis, cure, treatment, or prevention of disease or other medical conditions. 8. PC sold separately. See product QuickSpecs for exact device and display compatibility.

PATIENT RECEPTION / LOBBY

HP healthcare solutions

Patients often create or update their records at reception, providing sensitive information including insurance details and medical histories.

A

HP Engage One All-in-One System

Transform your customer service space with a versatile all-in-one system that elevates the customer experience. With security, durability, and flexibility built into its design, the HP Engage One system has a 14" diagonal touchscreen and an ecosystem of optional accessories, including a magnetic stripe reader, stand-alone or in-column printer, and barcode scanner.¹

B

HP EliteOne 800 G4 Healthcare Edition All-in-One PC

Optimize clinical workflows with the HP EliteOne 800 G4 23.8" Healthcare Edition All-in-One PC. It's engineered for easy, repeatable sanitization and enhanced with optional integrated authentication and collaboration features like a pop-up dual-facing HD camera to simplify patient registration.²

C

HP PageWide Enterprise Color Flow MFP 586z

HP PageWide Technology delivers the ultimate value,³ fastest speeds,⁴ and deepest security⁵ for the lowest total cost of ownership in its class.³ Power your productivity with seamless workflow features.

D

HP Pro x2 612 G2 Detachable PC

The versatile HP Pro x2 612 design strikes the right balance of mobility, durability, and security in an affordable device that is designed to last.

E

HP Elite x2 1013 G3 Detachable PC

Built for protection from daily bumps and jostling, the HP Elite x2 was engineered to pass MIL-STD-810G testing.⁶ Powerful processors handle your professional apps while tablet mobility lets you keep working on the go. An optional HP Rechargeable Active Pen helps patients complete forms and questionnaires, and up to ten hours of battery life keeps it going through long shifts.⁷

F

HP LD5511 55" Large Format Display

The HP LD5511 55" Large Format Display delivers exceptional clarity and brilliant colors, transforming lobbies, waiting rooms, and lounges into informative conference settings or comfortably diverting theater spaces.

+

HP DaaS Analytics and Proactive Management

HP Device as a Service (DaaS) Analytics and Proactive Management boosts productivity and device uptime using actionable, predictive analytics. Frequent reporting and a consolidated dashboard help you track hardware and software inventory and monitor device health.⁸

+

HP Patient Identification Printing Solution

Print color laser wristbands and patient admission packets on the same secure multi-function scanner and printer.

1. Optional or add-on feature. 2. See user guide for cleaning instructions. 3. Total cost of ownership comparison based on 150,000 pages, manufacturers' published specifications for page yields and energy use, manufacturers' suggested retail price for HP hardware and supplies, average street prices for competitive devices, cost per page based on ISO yield with continuous printing in default mode with highest-available-capacity cartridges, and long-life consumables of all color business A4 MFPs \$1,000–\$3,000 USD as of November 2015, excluding products with 1% or lower market share using market share as reported by IDC as of Q3 2015. Learn more at hp.com/go/pagewideclaims and hp.com/go/learnaboutsupplies. 4. Comparison of enterprise devices based on manufacturers' published specifications of fastest available color mode of color business A4 MFPs \$1000–\$3000 USD as of November 2015, excluding other HP PageWide products, and products with 1% or lower market share using market share as reported by IDC as of Q3 2015. HP PageWide speeds based on general office mode and exclude first page. Learn more at hp.com/go/printerspeeds. 5. Only HP enterprise-class devices with FutureSmart offer a combination of security features for integrity checking down to the BIOS with self-healing capabilities. A FutureSmart service pack update may be required to activate security features. Learn more at hp.com/go/printersthatprotect. 6. MIL-STD-810G testing is pending and is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. Accidental damage requires an optional HP Accidental Damage Protection Care Pack. 7. Windows 10 MM14 battery life will vary depending on various factors including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See bapco.com for additional details. 8. HP DaaS plans and/or included components may vary by region or by authorized HP DaaS service partner. Please contact your local HP representative or authorized DaaS partner for specific details in your location. HP services are governed by the applicable HP terms and conditions of service provided or indicated to customer at time of purchase. Customer may have additional statutory rights according to applicable local laws, and such rights are not in any way affected by the HP terms and conditions of service or the HP limited warranty provided with your HP product.

PATIENT CARE ROOM 1

HP healthcare solutions

Attending physicians must be able to access patient records and test results quickly and securely while consulting with the patient, and schedule additional tests and follow-up visits.

A

HP EliteBook 840 G5 Healthcare Edition Notebook

Enhance the connection between care providers and patients while optimizing clinical workflows with the HP EliteBook 840 G5 Healthcare Edition Notebook, our first notebook purpose-built for healthcare. It's engineered for easy, repeatable sanitization and with expanded security measures, single sign-on authentication support, and collaboration tools for telemedicine.^{1,2}

D

HP Healthcare Edition HC270cr Clinical Review Display

Deploy a clinical review display designed specifically for clinicians with the HP Healthcare Edition HC270cr. It's built for easy, repeatable sanitization,³ DICOM Part 14 compliant for viewing medical images, and enhanced with single sign-on authentication support and collaboration tools for telemedicine.⁴ USB-C™ power delivery enables "one-and-done" connectivity.

B

Medical carts from HP 3PS partners

HP offers telehealth, point-of-care, and other mobile medical carts from leading vendors including Ergotron, Howard Medical, and Jaco through its third-party solution catalog.

C

HP t630 Thin Client

HP thin clients deliver simple cloud manageability and control, plus powerful security and productivity-maximizing features. You can set up, manage, and monitor thousands of HP thin clients remotely from a single point, and help keep your data safe with a combination of off-device cloud data storage and built-in protection.

E

KSI Keyboard (HP 3PS partner)

Durable, easily sanitizable keyboards from KSI come in a variety of healthcare-friendly designs and colors to support different clinical workflows.

F

HP B300 PC Mounting Bracket

This HP mounting bracket makes it easy to mount a compact HP thin client, workstation, or PC behind an HP Healthcare Edition HC270cr Clinical Review Display. Simply attach the bracket to the back of the display stand, and your PC to the bracket. Reduce cable clutter and expand your available work area with a single-footprint solution.⁵

1. See user guide for cleaning instructions. The HP EliteBook 840 G5 Healthcare Edition Notebook is not intended for use in diagnosis, cure, treatment, or prevention of disease or other medical conditions. 2. Dual-band RFID reader, fingerprint reader, 8th gen quad-core Intel Core processor, and SE SSD are sold as configurable options on the HP EliteBook 840 G5 Healthcare Edition Notebook. 3. See user guide for cleaning instructions. 4. The HP Healthcare Edition HC270cr is not intended for use in the diagnosis, cure, treatment, or prevention of disease or other medical conditions. 5. PC sold separately. See product QuickSpecs for exact device and display compatibility.

PATIENT CARE ROOM 2

HP healthcare solutions

Mobile carts move from room to room carrying healthcare supplies and equipment, including a PC for accessing and updating patient records.

A

HP EliteOne 800 G4 Healthcare Edition All-in-One PC

Optimize clinical workflows with the HP EliteOne 800 G4 23.8" Healthcare Edition All-in-One PC. It's engineered for easy, repeatable sanitization and enhanced with optional integrated authentication and collaboration features like a pop-up, dual-facing HD camera.¹

B

HP USB Keyboard and Mouse Healthcare Edition

Complete your healthcare solution and make the most of your workspace with a sleek, white, IP65-rated keyboard and mouse designed for clinical settings.^{1,2}

C

Medical carts from HP 3PS partners

HP offers telehealth, point-of-care, and other mobile medical carts from leading vendors including Ergotron, Howard Medical, and Jaco through its third-party solution catalog.

D

HP Healthcare Edition HC241p Clinical Review Monitor

Deploy a display optimized for patient rooms, nurses' stations, medical carts, and public areas with the HP Healthcare Edition HC241p. It is built for easy, repeatable sanitization after every patient engagement and features a built-in privacy screen to help protect patient confidentiality.^{1,3}

E

HP EliteDesk 800 35W G3 Desktop Mini PC

Powered for the enterprise, the ultra-small HP EliteDesk 800 Desktop Mini is one of HP's most secure and manageable PCs. The ultra-small HP EliteDesk 800 Desktop Mini features the performance required by today's clinicians and a stylishly redesigned chassis for the modern hospital.

F

HP PC Mounting Bracket for Monitors

Customize an altogether better solution with the HP PC Mounting Bracket for Monitors, which lets you attach your HP Desktop Mini, HP Elite Slice, HP Z2 Mini Workstation, HP Thin Client, or HP Chromebox directly behind the display.⁴

1. See user guide for cleaning instructions. 2. IP65 test results are not a guarantee of future performance under these test conditions. Accidental damage requires an optional HP Accidental Damage Protection Care Pack. 3. The HP Healthcare Edition HC241p is a general-purpose computing device and is not intended for use in the diagnosis, cure, treatment, or prevention of disease or other medical conditions. 4. Monitor and PC sold separately. Requires the HP HC241 Stand Kit (4BX37AA) or HP HC271 Stand Kit (4BX34AA). Stand kits purchased separately.

NURSES' STATION

HP healthcare solutions

Nurses coordinate patient care from the nurses' station, which requires access to updated patient records, medication schedules, and physician orders.

A

HP Healthcare Edition HC271 Clinical Review Monitor

Deploy a display (and optional stand kit) optimized for patient rooms, nurses' stations, medical carts, and public areas with the HP Healthcare Edition HC271. It's built for easy, repeatable sanitization after every patient engagement and is DICOM Part 14 compliant for accurate viewing of medical images.^{1,2}

E

HP Color LaserJet Enterprise M577f Multifunction Printer

Help conserve energy without sacrificing productivity. With Original HP Toner cartridges with JetIntelligence, this color MFP produces more vibrant, professional-quality pages.³ Built-in, multi-level device security helps guard your printing fleet.⁴ The M577f is ideal for enterprises and medium businesses that need a secure, highly productive, energy-efficient color MFP.

B

HP EliteDesk 800 35W G3 Desktop Mini PC

Powered for the enterprise, the ultra-small HP EliteDesk 800 Desktop Mini is one of HP's most secure and manageable PCs. The ultra-small HP EliteDesk 800 Desktop Mini features the performance required by today's clinicians and a stylishly redesigned chassis for the modern hospital.

F

HP ScanJet Enterprise Flow N9120 Flatbed Scanner

This 11" x 17" flatbed scanner integrates easily into healthcare office environments and administrative settings. It supports custom workflow profiles using HP Smart Document Scan Software, scans up to 50ppm/100ipm, and has a 200-page automatic document feeder for big jobs.⁵

C

HP Healthcare Edition HC241 Clinical Review Monitor

Deploy a display (and optional stand kit) optimized for patient rooms, nurses' stations, medical carts, and public areas with the HP Healthcare Edition HC241. It is built for easy, repeatable sanitization after every patient engagement and is DICOM Part 14 compliant for accurate viewing of medical images.^{1,2}

G

HP EliteOne 800 G4 Healthcare Edition All-in-One PC

Optimize clinical workflows with the HP EliteOne 800 G4 23.8" Healthcare Edition All-in-One PC. It's engineered for easy, repeatable sanitization and enhanced with optional integrated authentication and collaboration features like a pop-up dual-facing HD camera.¹

D

HP t630 Thin Client

HP thin clients deliver simple cloud manageability and control, plus powerful security and productivity-maximizing features. You can set up, manage, and monitor thousands of HP thin clients remotely from a single point, and help keep your data safe with a combination of off-device cloud data storage and built-in protection.

H

KSI Keyboard (HP 3PS partner)

Durable, easily sanitizable keyboards from KSI come in a variety of healthcare-friendly designs and colors to support different clinical workflows.

+

HP Secure Printing Solution

Print security is more than document security. Today's threats require attention to data in-transit and endpoint devices on the network. HP printing security can help you stay a step ahead.

1. See user guide for cleaning instructions. 2. The HP Healthcare Edition HC271 and HC241 are general-purpose computing devices and are not intended for use in the diagnosis, cure, treatment, or prevention of disease or other medical conditions. 3. More pages versus predecessor cartridges claim based on page-yield comparison of HP 507A High Yield Original LaserJet Toner Cartridges with HP 508X High Yield Original LaserJet Toner Cartridges. For more information, see hp.com/go/learnaboutsupplies. 4. Some features require additional purchase. A FutureSmart service pack update may be required to activate security features. Learn more at hp.com/go/printsecurity. 5. Scan speeds up to 50ppm/100ipm measured at 200dpi (b&w, gray, color), up to 40ppm/80ipm at 300dpi (b&w, gray), and up to 40ppm/78ipm at 300dpi (color, duplex). Actual processing speeds may vary depending on scan resolution, network conditions, computer performance, and application software.

RADIOLOGY EXAM ROOM

HP healthcare solutions

X-ray and other imaging systems provide physicians with vital insight into patient conditions.

A

HP Healthcare Edition HC271 Clinical Review Monitor

Deploy a display (and optional stand kit) optimized for patient rooms, nurses' stations, medical carts, and public areas with the HP Healthcare Edition HC271. It's built for easy, repeatable sanitization after every patient engagement and is DICOM Part 14 compliant for accurate viewing of medical images.^{1,2}

B

HP Z2 Mini Workstation

We packed the performance of a traditional business-class tower in a size that's 90% smaller.³ The revolutionary Z2 Mini gives you both performance and reliability in a small, elegant design for the best user experience.

C

HP Z4 G4 Workstation

HP workstations deliver the necessary speed, proven performance, reliability, and expandability that make it easy to see why they're widely used in PACS environments around the world.

D

Diagnostic displays from HP 3PS partners

The displays you work with can have a significant effect on how you choose to treat your patients. The HP 3PS team partners with industry leaders Barco and Eizo to make it easier for customers to order precision display systems that support a wide range of modalities and applications.

E

HP EliteBook x360 1030 G2 Convertible PC

It only takes one device to make a difference. Caregivers can easily capture patient information, review test results, or consult with colleagues on our smallest business convertible: the HP EliteBook x360 1030, with four use modes to work, write, watch, and present.

+

HP WallArt Solution

Improve the hospital experience for children and their families by creating colorful, themed interiors. HP Printing Technologies offers washable, durable solutions that use materials with positive environmental credentials and certification for sensitive environments.

1. See user guide for cleaning instructions. 2. The HP Healthcare Edition HC271 is a general-purpose computing device and is not intended for use in the diagnosis, cure, treatment, or prevention of disease or other medical conditions. 3. Based on business-class towers with > 1 million units annually as of October 3, 2016, with performance measured by processor clock speed and ViewPerf12 rating, having 4th or 6th gen Intel processors or AMD Pro processors, integrated VESA mount, VGA, 6 USB ports, Windows Pro OS, and TPM.

RADIOLOGY READING ROOM

HP healthcare solutions

Radiology test results must be appended to patient records and transmitted directly to physicians.

A

Diagnostic displays from HP 3PS partners

The displays you work with can have a significant effect on how you choose to treat your patients. The HP 3PS team partners with industry leaders Barco and Eizo to make it easier for customers to order precision display systems that support a wide range of modalities and applications.

C

HP ZBook 17 Mobile Workstation

The HP ZBook 17 Mobile Workstation redefines high-performance mobile computing by combining a 17.3" diagonal display with high computational power for reviewing and evaluating data on the fly. The choice of an HP DreamColor display enables true color visualization.

B

HP Z Workstation

HP Z Workstations deliver the performance and reliability required for your healthcare environment, from point-of-care to telemedicine, electronic medical records (EMR), and picture archiving and communication systems (PACS). Some HP Z Workstations may be registered FDA Class I Medical Devices.¹

1. HP offers select workstations that are registered FDA Class I Medical Devices for your picture archiving and communication system (PACS). When ordering your workstation, please choose from these workstation part numbers: Z1 (D4H09AV); Z1 G2 (J5V15AV); Z230 (E9H74AV); Z240 (M6V41AV); Z440 (G8W00AV); Z640 (G8W05AV); Z840 (G8W10AV).

OPERATING ROOM

HP healthcare solutions

Surgeons and support staff require instant access to patient records, especially medical imaging and test results on a clinical-grade display.

A

EchoPixel True 3D powered by HP

EchoPixel, an HP OEM partner, enables physicians to see and interact with medical images the way they would with real physical objects. It's an FDA-cleared system powered by the HP Zvr Virtual Reality Display and HP Z4 Workstation.¹

B

HP EliteOne 800 G4 Healthcare Edition All-in-One PC

Optimize clinical workflows with the HP EliteOne 800 G4 23.8" Healthcare Edition All-in-One PC. It's engineered for easy, repeatable sanitization and enhanced with optional integrated authentication and collaboration features like a pop-up dual-facing HD camera.²

C

HP USB Keyboard and Mouse Healthcare Edition

Complete your healthcare solution and make the most of your workspace with a sleek, white, IP65-rated keyboard and mouse designed for clinical settings.³

D

HP Healthcare Edition HC270cr Clinical Review Display

Deploy a clinical review display designed specifically for clinicians with the HP Healthcare Edition HC270cr. It's built for easy, repeatable sanitization,² DICOM Part 14 compliant for viewing medical images, and enhanced with single sign-on authentication support and collaboration tools for telemedicine.⁴ USB-C™ power delivery enables "one-and-done" connectivity.

E

HP Z2 Mini Workstation

We packed the performance of a traditional business-class tower in a size that's 90% smaller.⁵ The revolutionary Z2 Mini gives you both performance and reliability in a small, elegant design for the best user experience.

F

HP B300 PC Mounting Bracket

This HP mounting bracket makes it easy to mount a compact HP thin client, workstation, or PC behind an HP Healthcare Edition HC270cr Clinical Review Display. Simply attach the bracket to the back of the display stand, and your PC to the bracket. Reduce cable clutter and expand your available work area with a single-footprint solution.⁶

G

HP t630 Thin Client

HP thin clients deliver simple cloud manageability and control, plus powerful security and productivity-maximizing features. You can set up, manage, and monitor thousands of HP thin clients remotely from a single point, and help keep your data safe with a combination of off-device cloud data storage and built-in protection.

H

Surgical displays from HP 3PS partners

HP partners with industry leaders so customers can more easily purchase high-resolution surgical displays that offer color-correct images of patient anatomy, and are easy to clean.

1. HP offers select workstations that are registered FDA Class 1 Medical Devices for your PACS system. When ordering your workstation, please choose part number Z440 (W9Z50UA#ABA). 2. See user guide for cleaning instructions. 3. IP65 test results are not a guarantee of future performance under these test conditions. Accidental damage requires an optional HP Accidental Damage Protection Care Pack. 4. The HP Healthcare Edition HC270cr is not intended for use in the diagnosis, cure, treatment, or prevention of disease or other medical conditions. 5. Based on business-class towers with > 1 million units annually as of October 3, 2016, with performance measured by processor clock speed and ViewPerf12 rating, having 4th or 6th gen Intel processors or AMD Pro processors, integrated VESA mount, VGA, 6 USB ports, Windows Pro OS, and TPM. 6. PC sold separately. See product QuickSpecs for exact device and display compatibility.

PHARMACY

HP healthcare solutions

Pharmacy staff must be able to confirm prescriptions, cross-check against prescription history and alternative medications, and be warned of potential patient allergies.

A

HP RP9 G1 Retail System

An exceptionally elegant all-in-one, the modern and versatile HP RP9 Retail System delivers a stylish and engaging experience for healthcare professionals, patients, and visitors.

B

HP Single Station Thermal Receipt Printer

Built for customer-facing, point-of-sale environments, the HP Thermal Receipt Printer produces high-quality customer receipts without delay. Go beyond the basics with a fast printing speed (up to 74 lines per second) and one- or two-color thermal printing.¹

+

Emporos MerchantSoft Pharmacy POS software

The Hennepin County Medical Center deployed Emporos MerchantSoft Pharmacy POS software on HP retail systems, with superb results that far exceeded expectations.

C

HP ScanJet Professional 3000 Sheet-Fed Scanner

Scan business documents at your desk using a fast, reliable, sheet-feed scanner. Scan two-sided documents at up to 20 pages per minute using the 50-page automatic document feeder, and catch misfed pages with ultrasonic double-feed detection.

¹ Two-color thermal receipt paper required.

PHYSICIANS' LOUNGE

HP healthcare solutions

Physicians and other caregivers spend their downtime between rounds and appointments reviewing charts, recording notes, and researching conditions and treatments.

A

HP EliteDesk 800 35W G3 Desktop Mini PC

Powered for the enterprise, the ultra-small HP EliteDesk 800 Desktop Mini is one of HP's most secure and manageable PCs. The ultra-small HP EliteDesk 800 Desktop Mini features the performance required by today's clinicians and a stylishly redesigned chassis for the modern hospital.

B

HP Healthcare Edition HC270cr Clinical Review Display

Deploy a clinical review display designed specifically for clinicians with the HP Healthcare Edition HC270cr. It's built for easy, repeatable sanitization,¹ DICOM Part 14 compliant for viewing medical images, and enhanced with single sign-on authentication support and collaboration tools for telemedicine.² USB-C™ power delivery enables "one-and-done" connectivity.

C

HP B300 PC Mounting Bracket

This HP mounting bracket makes it easy to mount a compact HP thin client, workstation, or PC behind an HP Healthcare Edition HC270cr Clinical Review Display. Simply attach the bracket to the back of the display stand, and your PC to the bracket. Reduce cable clutter and expand your available work area with a single-footprint solution.³

D

KSI Keyboard (HP 3PS partner)

Durable, easily sanitizable keyboards from KSI come in a variety of healthcare-friendly designs and colors to support different clinical workflows.

E

HP EliteBook 840 G5 Healthcare Edition Notebook

Enhance the connection between care providers and patients while optimizing clinical workflows with the HP EliteBook 840 G5 Healthcare Edition Notebook, our first notebook purpose-built for healthcare. It's engineered for easy, repeatable sanitization and with expanded security measures, single sign-on authentication support, and collaboration tools for telemedicine.^{4,5}

F

HP EliteOne 800 G4 Healthcare Edition All-in-One PC

Optimize clinical workflows with the HP EliteOne 800 G4 23.8" Healthcare Edition All-in-One PC. It's engineered for easy, repeatable sanitization and enhanced with optional integrated authentication and collaboration features like a pop-up, dual-facing HD camera.¹

G

HP PageWide Managed Color MFP E77650

HP Managed MFPs and printers are optimized for managed environments. Offering increased monthly page volumes and fewer interventions, the Managed Color MFP E77650 series can help reduce printing and copying costs.

H

HP mt43 Thin Client

HP thin clients deliver simple cloud manageability and control, plus powerful security and productivity-maximizing features. You can set up, manage, and monitor thousands of HP thin clients remotely from a single point, and keep your data safe with a combination of off-device cloud data storage and built-in protection.

I

HP EliteBook x360 1030 G2 Convertible PC

It only takes one device to make a difference. Caregivers can easily capture patient information, review test results, or consult with colleagues on our smallest business convertible: the HP EliteBook x360 1030, with four use modes to work, write, watch, and present.

J

HP Elite x2 1013 G3 Detachable PC

Built for protection from daily bumps and jostling, the HP Elite x2 was engineered to pass MIL-STD-810G testing.⁶ Powerful processors handle your professional apps while tablet mobility lets you keep working on the go. An optional HP Rechargeable Active Pen helps patients complete forms and questionnaires, and up to ten hours of battery life keeps it going through long shifts.⁷

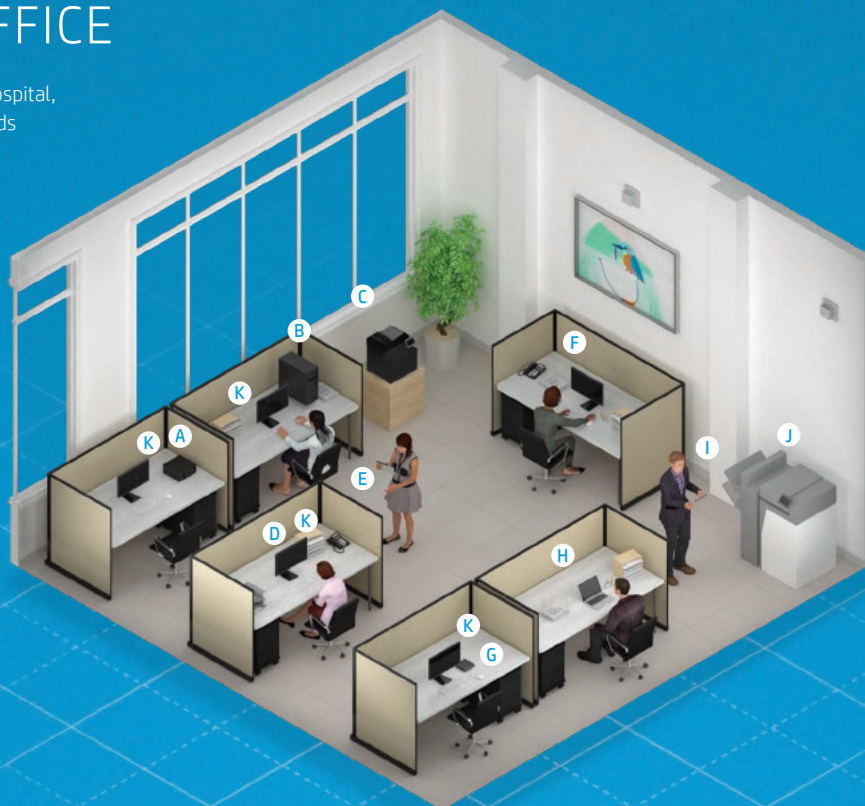

1. See user guide for cleaning instructions. 2. The HP Healthcare Edition HC270cr is not intended for use in the diagnosis, cure, treatment, or prevention of disease or other medical conditions. 3. PC sold separately. See product QuickSpecs for exact device and display compatibility. 4. See user guide for cleaning instructions. The HP EliteBook 840 G5 Healthcare Edition Notebook is not intended for use in diagnosis, cure, treatment, or prevention of disease or other medical conditions. 5. Dual-band RFID reader, fingerprint reader, 8th gen quad-core Intel Core processor, and SE SSD are sold as configurable options on the HP EliteBook 840 G5 Healthcare Edition Notebook. 6. MIL-STD-810G testing is pending and is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. Accidental damage requires an optional HP Accidental Damage Protection Care Pack. 7. Windows 10 MM14 battery life will vary depending on various factors including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See bapco.com for additional details.

ADMINISTRATIVE / BUSINESS OFFICE

HP healthcare solutions

The business of running a clinic, hospital, or other healthcare facility demands powerful, versatile, secure PCs, printers, displays, and accessories.

HP EliteDesk 800 35W G3 Desktop Mini PC

Powered for the enterprise, the ultra-small HP EliteDesk 800 Desktop Mini is one of HP's most secure and manageable PCs. The ultra-small HP EliteDesk 800 Desktop Mini features the performance required by today's clinicians and a stylishly redesigned chassis for the modern hospital.

HP Z4 Workstation

The most popular HP workstation delivers incredible performance for a wide spectrum of applications. With powerful processors and graphics, you get everything you need to finish the job. Reliable, secure, feature-rich and easily serviceable, HP workstations keep you in business.

HP PageWide Managed Color MFP E77650

HP Managed MFPs and printers are optimized for managed environments. Offering increased monthly page volumes and fewer interventions, the Managed Color MFP E77650 series can help reduce printing and copying costs.

HP t630 Thin Client

HP thin clients deliver simple cloud manageability and control, plus powerful security and productivity-maximizing features. You can set up, manage, and monitor thousands of HP thin clients remotely from a single point, and help keep your data safe with a combination of off-device cloud data storage and built-in protection.

HP Elite x2 1013 G3 Detachable PC

Built for protection from daily bumps and jostling, the HP Elite x2 was engineered to pass MIL-STD-810G testing.¹ Powerful processors handle your professional apps while tablet mobility lets you keep working on the go. An optional HP Rechargeable Active Pen helps patients complete forms and questionnaires, and up to ten hours of battery life keeps it going through long shifts.²

HP EliteOne 800 G4 Healthcare Edition All-in-One PC

Optimize clinical workflows with the HP EliteOne 800 G4 23.8" Healthcare Edition All-in-One PC. It's engineered for easy, repeatable sanitization and enhanced with optional integrated authentication and collaboration features like a pop-up, dual-facing HD camera.^{2,3}

HP EliteDesk 800 35W G3 Small Form Factor PC

One of HP's most secure and manageable PCs, the stylishly understated small form factor delivers the features and performance that modern professionals expect without taking up valuable workspace.

HP EliteBook 840 G5 Healthcare Edition Notebook

Enhance the connection between care providers and patients while optimizing clinical workflows with the HP EliteBook 840 G5 Healthcare Edition Notebook, our first notebook purpose-built for healthcare. It's engineered for easy, repeatable sanitization and with expanded security measures, single sign-on authentication support, and collaboration tools for telemedicine.^{4,5}

HP EliteBook x360 1030 G2 Convertible PC

It only takes one device to make a difference. Caregivers can easily capture patient information, review test results, or consult with colleagues on our smallest business convertible: the HP EliteBook x360 1030, with four use modes to work, write, watch, and present.

HP Color LaserJet Enterprise Flow MFP M880

This top-of-the-line enterprise multifunction printer helps streamline workflows and accelerate document tasks with advanced finishing options and file sharing, while protecting your network with comprehensive HP security.

HP EliteDisplay E202, E222, and E243

Enhance comfort and productivity with modern business displays designed for optimal viewing and ergonomic adjustability, certified for Windows 10.

1. MIL-STD-810G testing is pending and is not intended to demonstrate fitness for U.S. Department of Defense contract requirements or for military use. Test results are not a guarantee of future performance under these test conditions. Accidental damage requires an optional HP Accidental Damage Protection Care Pack. 2. Windows 10 MM14 battery life will vary depending on various factors including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See bapco.com for additional details. 3. See user guide for cleaning instructions. 4. See user guide for cleaning instructions. The HP EliteBook 840 G5 Healthcare Edition Notebook is not intended for use in diagnosis, cure, treatment, or prevention of disease or other medical conditions. 5. Dual-band RFID reader, fingerprint reader, 8th gen quad-core Intel Core processor, and SE SSD are sold as configurable options on the HP EliteBook 840 G5 Healthcare Edition Notebook.
